The Myth . . .

- Sexually transmitted diseases are **NOT** common in teens
- Sex is **NO BIG** deal, & all teens are “doing it”
- Condoms prevent **HIV/AIDS & STD's**
- Teens **DO NOT WANT** to learn about abstinence
- Unwed sex **DOES NOT** have consequences
- The rate of teen pregnancy has decreased since sex education
- Sex **DOES NOT** create a **BOND** between individuals

The Truth . . .

- Love & Sex are not the same
- Most teens **HAVE NOT** “done it”
- Those that have, wish they hadn't
- **ONLY** abstinence protects
- Waiting now improves marriage later
- Sex involves the **Body, Mind & Soul**
- It's **NEVER** too late to start over
- Love is patient
- True love will wait
