

*Do you have questions about how your separation or divorce has affected your children?*

*Have you experienced conflict with your former partner when it comes to custody and/or access issues related to your children?*

*Have you thought about the effects of that conflict on your children?*

If you answered yes to any of these questions, a parent education group may be for you!

**Our Kids Parent Education Groups** are designed for parents and significant others who want to reduce conflict and parent effectively for their children.

Parents of the same children are placed in different groups, however each group consists of a mix of both custodial and non-custodial parents.

Grandparents and new partners are encouraged to attend.

## Group Specifics

Each group consists of two learning modules conducted in five weekly sessions. Module 1 consists of 3 weekly sessions totaling 7.5 hours. Module 2 consists of 2 weekly sessions totaling 5 hours. Completion of Module 1 satisfies the requirements of orders or referrals from Family or Supreme court. Participants will receive a NYS PEAP Certificate of Compliance upon completion of Module 1. Parents are encouraged to attend both modules for maximum benefit.

Videos, discussions and role plays will be part of the group experience.

Topics will include:

- The impact of separation/divorce on children
- Child development and the implications for parenting after separation/divorce
- “Cooperative” and “parallel” approaches to parenting
- An overview of family law as it affects custody and visitation
- Conflict management and problem-solving
